Please bring Uber back! I am so disappointed to hear this news today. To send Uber out of Charleston is to not move into the future like other great cities like NY, LA and Chicago. I live in Mt. P and I love Uber personally. Also, it's a hip, clever and appealing way to keep young adults from drinking and driving.

Uber is the best thing that has come to Columbia in years. As a professor at USC I see the effects of safe rides all the time and as a citizen we deserve a cost effective and safe way to get home. Uber allows that. Please please please don't take it away.

Uber is a safe & enjoyable experience. It is much more convenient & customer friendly than taxi services. Please reconsider your recent decision because banning uber from SC is not in the best interest of the community. Thanks.
